# Time to Shine

## On Trial: Prosecution and Defence in Criminal Law

In order to succeed as a lawyer, it is vital that students master the art of presenting their cases. Throughout the course, students will participate in an assignment in which they will develop a case for the defence, or prosecution, in a mock legal trial. This project will culminate in a full simulation of a legal trial, including judges, lawyers, barristers, prosecutors and defendants which takes place in a real-life courtroom at the old court in Oxford.

## What You'll Learn

- ✓ An overview of major fields of law, including Tort Law, Family Law, Criminal Law and Contract Law.
- ✓ A guide to legal language and legal argumentation.
- ✓ A guest speech from a working barrister, who will guide the students through the processes in legal trials in the UK.
- ✓ Take part in our exciting On Trial Time to Shine project, in which you and your classmates will simulate a trial in a real court room.
- ✓ Through fun and engaging lesson activities, develop and apply your 21st century skills, such as critical thinking, communication skills, collaborative skills, and original thinking.

# Industry Experience

Witness a real trial take place from the viewers' gallery at a real courtroom. You will be accompanied by an expert guide who will help you make sense of the events unfolding. This is an incredible opportunity to witness firsthand how the legal system operates in the United Kingdom.

A highlight of our academic programme is our Industry Experience afternoons, where students take part in a series of workshops and lectures led by top industry professionals and academics in their respective fields. The Industrial Experience element of our courses provides a profound level of insight so that students can further make informed decisions as to whether their future career choices are right for them. Our College students will be introduced to a real-world professional environment in their chosen field of study, where they will absorb knowledge through workshops, lectures and Q&As.

## Book your place

A booking can be made online on our website [summerboardingcourses.com](http://summerboardingcourses.com)

Course places are limited so we recommend booking early. If you are booking on behalf of a family, please let us know at the time of booking.
