# Time to Shine

## Unleashing your Creativity

Today, giving great presentations are a vital skill for achieving academic and professional success. Our programmes reflect this by having the 'art of presenting' at the heart of their content, and allow you to discover new confidence when using English in public situations. Through your presentations, you will become sources of inspiration, and encourage others to delve deeper into your subject.

## What You'll Learn

- ✓ Foundational Principles: Students will learn the fundamental principles of art and design, including composition, color theory, and perspective.
- ✓ Exploration of Mediums: Students will experiment with various artistic mediums and techniques, from painting and sculpture to digital art.
- ✓ Creative Expression: The course encourages students to explore their unique creative voices and develop their personal artistic style.
- ✓ Art History and Context: Students will gain an understanding of the historical and cultural context of art, enriching their appreciation for the art world.
- ✓ Portfolio Development: By the end of the course, students will have a portfolio of their work that reflects their artistic growth and creativity.

# Industry Experience

"Enhance your academic foundation with our comprehensive Industry Experience sessions. These sessions are both on-site, in which you will participate in workshops on-campus that are led by an industry professional and blend practical engagement with immersive learning, and off-site, in which students engage in excursions that complement your course content and will broaden your horizons.

Students will have the privilege of visiting renowned art galleries, immersing themselves in a curated collection of artistic masterpieces, and gaining insights about the intricacies of art creation, curation, and the evolving world of contemporary art and design."

## Book your place
