Time to Shine

Becoming an innovative entrepreneur

Today, giving great presentations are a vital skill for achieving academic and professional success. Our programmes reflect this by having the 'art of presenting' at the heart of their content, and allow you to discover new confidence when using English in public situations. It's more than just a chance to enhance your public speaking skills, though; it's an opportunity for you to share your passion and subject knowledge with your fellow classmates. Through your presentations, you will become sources of inspiration, and encourage others to delve deeper into your subject.

What You'll Learn

- ✓ Discover the fundamentals of starting up and operating a business in today's society.
- ✓ Learn how businesses market and brand their products, applying this to your own ideas in a Time To Shine project.
- ✓ Identify how business finances work so that businesses can break even and make a profit.
- ✓ Take part in our exciting Time to Shine ceremony, and pitch the idea for a start-up business with your classmates to the rest of the school.
- ✓ Develop and apply core 21st century skills through fun and engaging lessons, including critical thinking, communication, creativity and collaboration.

Industry Experience

Enhance your academic foundation with our comprehensive Industry Experience sessions. These sessions are both on-site, in which you will participate in workshops on-campus that are led by an industry professional and blend practical engagement with immersive learning, and off-site, in which students engage in excursions that complement your course content and will broaden your horizons.

While theoretical knowledge lays an important foundation in business, hands-on experience cements learning. That's why, at SBC, our students participate in interactive workshops with industry experts. They delve into topics such as brand development, strategic planning, and effective pitching, ensuring a well-rounded approach to their business education. In previous Industry Experiences, students visited companies and took part in workshops that focused on building brand identities, marketing clothing companies, designing a roadmap for a start up, and honing their pitching skills.
