

COURSE OVERVIEW

Foundation in Political Science and Governance

Eton College

At a Glance

SBC at Eton

Ages: 12-16

English Level: B1+

Duration: 2 weeks

Course Objectives:

Improve English Language Skills; Develop Politics Knowledge

Foundation in Political Science and Governance at Eton College is tailor-made for aspiring leaders in the world of politics and governance.

In this course, students will delve deep into the intricate workings of political systems, international relations, and the art of governance. They will expand their knowledge of fundamental political concepts, explore the dynamics of international diplomacy, and analyse the role of government in society.

Throughout the program, students will not only acquire critical political insights but also refine their leadership skills for effective governance.

Time to Shine

Diplomatic Diplomacy: Crafting International Agreements

How do diplomats negotiate crucial international agreements? In this engaging 10-hour project, Foundation in Political Science and Governance students will step into the shoes of diplomats. They will participate in a simulated international negotiation, tackling real-world global challenges and crafting diplomatic solutions.

This immersive project allows students to apply their political acumen to the complexities of international relations.

What You'll Learn

- ✔ Develop a comprehensive understanding of political science, governance, and international relations.
- ✔ Explore the intricacies of political systems, global diplomacy, and the role of governments in society.
- ✔ Engage in the captivating Diplomatic Diplomacy project, where you and your peers will negotiate international agreements.
- ✔ Cultivate essential 21st-century skills, including critical analysis, effective communication, collaborative problem-solving, and leadership in the realm of politics and governance.

Electives

Expand your horizons this summer with our carefully curated elective modules. Designed to complement your core subjects and "Time to Shine" projects, these courses offer a deeper dive into unique areas of interest.

Each week, enrich your summer school experience by opting for an elective that aligns with your interests.

Global Citizens

Understand global responsibility, civic participation, and the value of cultural diversity, and really discover the essence of being a good global citizen. Learn about environmental sustainability, dive into civic engagement, and gain insights into inter-cultural awareness.

Young Leaders

Explore foundational leadership skills, from collaboration to building resilience, and uncover the traits of effective leadership. Work on team-building, establish your personal brand, and develop emotional intelligence.

Future Innovators

Navigate the world of modern technology. Experience robotics and web programming, by delving into the basics of coding and AI, while enhancing your critical thinking and problem-solving abilities.

Compelling Speakers

Focus on developing your public speaking skills, engage in the art of effective debating, and master conflict negotiation techniques, all the while refining your communication prowess.

Book your place
