Course Content

General Topics Covered:

- ✓ Environmental culture & beliefs / Waters systems & resources / Food & soil systems.
- ✓ Consumption and fast fashion / Engineering: Mega-engineering projects & finding solutions.
- ✓ Enacting change & entrepreneurship / Energy & saving energy.

Course Structure

- ✓ Each day starts with 'thinking globally', before evolving to look at local issues.
- ✓ Every day ends in practical project work; inspiring students to 'do' as opposed to just 'know'.
- ✓ Week 1 has a more scientific and environmental focus.
- ✓ Week 2 has more of a global politics and business focus.
- ✓ Learning takes place in a variety of locations and formats; from fieldwork and town surveys to collaborative classroom workshops.

Book your place
