Course Content

General Topics Covered:

- ✓ Environmental culture & beliefs / Waters systems & resources / Food & soil systems.
- ✓ Consumption and fast fashion / Engineering: Mega-engineering projects & finding solutions.
- ✓ Enacting change & entrepreneurship / Energy & saving energy.

Course Structure

Daily topics of the United Nation's Goals for Sustainable Development are investigated in three phases:

Phase 1 = "Thinking Globally": students learn about the general theme in broad terms and complete some reading and writing tasks to embed knowledge.

Phase 2 = "Thinking Locally": students study, carry out fieldwork, conduct interviews, etc based around Folkestone and the campus.

Phase 3 = "Thinking Sustainably": students work on projects which apply the above content from Phase 1 and 2.

Book your place

A booking can be made online on our website summerboardingcourses.com
